Enterprise City Schools
Residency Policy

Definition of Residence: Residence as used herein means the fixed, permanent, full-time and primary domicile of the parent(s), legal guardian(s), welfare-appointed custodian(s), or court-appointed foster parent(s) of a student. The legal residence, as used herein, shall mean that true, fixed, full-time and permanent home to which , whenever absent, the person in question has the intention of returning. Residence does not include a temporary or secondary place of residence established for some specific purpose. In other words, to be eligible to attend Dauphin Jr High School, the student must reside in a physical structure constituting a home (a house, apartment, condominium, etc.) which is located in the limits of this school district, with a person legally responsible for his/her care. Residence shall depend on the facts and circumstances of each case; however, the residence must be a place where important activities such as eating, sleeping, studying, working, etc... occur during a significant part of each day. I understand that providing false information to the Enterprise City School System for school attendance purposes is grounds for immediate withdrawal of the student in question.
